Col. O. S. Bosbysshell,

Supt. U.S.Mint, Phila.

Dear Sir:--

I understand that manganese is used in some of your operations at the Mint. Will you kindly let me know if this is the case, and if so what quantity you use per annum; and if you can let me have it I would thank you for a copy of the analysis of the manganese that you found suited for your purposes--As also about the price that you are paying for same.

Yours truly,

A. O. Granger.

President.
